PVC BRAIDED HOSES

PVC GARDEN HOSES

DECORA

DECORA

PVC SUCTION HOSES

APPLICATION:

"Decora Flex " flexible PVC Hose is produced under rigorously controlled conditions. A proper and adequate reinforcement is secured by proper placement of hard spirals of rigid PVC in the soft wall which gives strength to the wall as well as required flexibility to the entire hose length. This also provides outstanding crush resistance and working pressure ratings. Decora flex PVC Hose has countless applications in Agriculture and Industry. It is ideal for suction and delivery of water for Irrigation purpose in Agriculture with electric mono block and oil engines. Also suitable for suction and delivery of saline water, light acids, Alkalies and other chemicals and for conveying of granuals or fine particles of raw materials.

PVC BRAIDED HOSES
