

Flying FlexTM

A PREMIUM BRAIDED HOSE

Flying FlexTM

A PREMIUM BRAIDED HOSE

FLYING FLEX is the industrial high pressure Nylon Reinforced Flexible Hose designed for applications requiring a stronger, more resistant hose pipe, manufactured on fully automatic modern plant. As a result of many years of experience combined with advanced technology, perfect quality control throughout the production process gives the actual consumers maximum quality assurance. FLYING FLEX is made from a high quality thermoplastic compound and reinforced with high tenacity special quality synthetic yarn crosswise and lengthwise between two layers of PVC and are bonded together to make the hose as homogenous entity for multipurpose industrial applications and for high pressure applications in Liquid and Air conveyance.

PROPERTIES:

Light weight and flexible. Strong enough to withstand high pressure. Abrasion Resistant. Rodent Proof. Crush and Kink Resistant. Resistant to Chemicals: Acids and Alkalies.

FLYING FLEX AIR & PNEUMATIC HOSE (Transparent)

FLYING FLEX AIR & PNEUMATIC HOSE is reinforced with high tenacity yarn to meet the pressure requirements for General Construction Work, Road Building, Tunneling, Metallic and Non metallic Ore Mines, in Structural Shops with Chipping, Grinding And Revetting Appliances, Service Stations for Tyre Inflation, for Pneumatic Tool use in industries and for connection to the Telephone, Shower, Hot Water Geyser, other Sanitary Fittings and D.C.P Fire Extinguisher. Our transparent hose, particularly 20 mm ID can be successfully used for Rock Drilling Applications.

FLYING FLEX WELDING HOSE (Red & Blue)

FLYING FLEX WELDING HOSE meets all requirements for Welding, Brazing and Cutting operations including Oxygen and Acetylene Welding by hand and machine FLYING FLEX Red Welding Hose is used for Acetylene while Blue for Oxygen and other Non-Combustible Gases.

FLYING FLEX WATER HOSE (Green)

FLYING FLEX WATER HOSE is recommended for general Water Supply in Gardening, Steel Mills and Engineering works, on Construction Sites, Irrigation Projects and wide range of allied applications.

FLYING FLEX SUPER SPRAY HOSE (Yellow)

FLYING FLEX SUPER SPRAY HOSE is suitable for high pressure spraying of Water based Chemicals, Insecticides, Fungicides, Weeding etc. in Plantations, Orchards, Forestry, Parks, Vineyard, Maintenance and similar Agricultural Applications involving Spraying by hand or power driven pumps.

FLYING FLEX CAR WASHING HOSE (Black)

FLYING FLEX Car Washing Hose is made of 100% Oil resistant PVC compound and braided with extra strong synthetic yarn to withstand working pressure up to 30 740 Kg/cm². The outer surface is totally abrasion resistant.

LENGTHS:

Available in standard length of 50 / 60 / 100 / 200 Mtrs. However, can be available in longer convenient lengths on special request.

SIZE IN MM.	WALL THICKNESS IN MM.	WORKING PRESSURE AT 20° C KG/CM ²	STANDARD LENGTH IN METERS
Air / Pneumatic Hose			
5	2.5	15	50/100
6	3	25	50/100
8	3	25	50/100
10	3.5	25	50/100
12	3.5	20	50/100/200
15	3.5	20	50/100
20	4	20	50/100/200
25	4.8	15	50/100
31	4.8	15	50/100
38	5	15	30/100
45	5.5	10	30/50
50	6	10	30/50
58	6.5	8	30/50
65	7	8	30/50
75	8	6	20/30
Flat Yarn Braided			
6	3.0	25	100
8	3.0	25	100
Power Spray Hose			
8	4.0	32	100
Super Spray Hose			
10	5.	40	100
12	5.5	30	100
Welding Hose			
6	3.0	25	100
8	3.0	25	100
10	3.5	25	100
