

FLEXIBLE YELLOW AIR DUCT HOSE

Tube : Constructed with a spiral-reinforced steel wire encased in a PVC strip

Material : Made from high-density PVC-coated polyester fabric, featuring spiral-reinforced steel wire and an exterior spiral cover of PVC strip.

Temperature Range : Suitable for use in temperatures ranging from approximately -20°C to +80°C.

Applications:

- Aerospace
 - AC ventilation
 - cold air supply
 - big function of tents HVAC
 - mining works
 - wave pool blowers.
- * air duct cleaning,
 - * blower hose
 - * confined space ventilation
 - * laser engraving
 - * utility blowers

Features:

- Anti-static properties
 - Highly flexible & Flame retardant
 - Resistant to oil, acid, and alkali
- * Exhibits a very small bending radius
 - * Kink-proof and waterproof & Leakproof
 - * Can be compressed for easy carrying
